### Jay Duke Equestrian - Clinic Report

With 30 years of riding and training experience, Jay Duke has extensive first-hand knowledge of the show jumping industry and now showcases and shares his methods as a clinician. Jay Duke Equestrian is available for clinics throughout North American and offers a range of packages.

#### What you get from Jay Duke Equestrian Clinics:

- Single day up to four-day sessions available
- Training that draws on three decades of top-caliber riding, training, and course design experience
- A sampling of Jay's extensive library of flat, gymnastic, and jumping exercises
- No minimum skill requirement

#### Upcoming Jay Duke Equestrian Clinics and Events:

Leduc County, AB

Jay will attend the 2017 Jump Alberta Symposium with Linda Allen and Joan Curtin. [Click here](#) to find out more about the Jump Alberta Symposium!

**"Jay helped me reach my goal of competing at Young Riders when I was a working student for him in 2001. He gave me the confidence I needed and my team won the bronze medal."**

**One of the things I appreciated the most was his ability to make horses feel wonderful. My horses felt light, responsive and supple after he schooled them for me. He is patient and he has an incredibly soft feel on every horse that enhances their progress, especially young ones."**

**~ Elizabeth Gingras,  
Canadian Equestrian Team Athlete**
