

SADDLE TRAIL • \$7,550,000

This 3.8-acre estate's close proximity to the Wellington International showgrounds is the equestrian equivalent of having an oceanfront view.

The center aisle design of the 15-stall barn flows with wash stalls, two tack rooms, and a large staff apartment. An oversized sand ring provides lots of room for training while numerous shady paddocks allow comfortable downtime for the horses.

The updated 4,700 sq. ft. smart home with four bedrooms and three baths has been renovated and features a large chef's kitchen with gas cooking and top-of-the-line appliances.
