**"Riding and training should not follow a one-method-fits-all approach. Every horse is different, every rider is different, and their specific expectations and goals are different. While the Virtual Lesson Subscription Program has been popular over the last 12 months, I wanted to provide more of specialized experience, and that led me to bundle different aspects and levels of training together for a more tailored approach." ~ Jay Duke**

### Limited Spring 2019 clinic dates still available!

Jay's spring schedule still has a couple openings left for clinics throughout North America.

A range of packages are available, from single to four-day sessions, featuring training that draws on three decades of experience. Each clinic includes a sampling of Jay's extensive library of flat, gymnastic, and jumping exercises.

With extensive first-hand knowledge of the jumping discipline, Jay customizes his clinics to meet the needs of any level horse and rider.
