

## Our horses' routines are changing. What can we do for them while we shelter in place?

# EQUINE ELIXIRS

"Social distancing" has us all six strides apart, so now is the perfect time to consider what your horse needs while adjusting to a new routine. We are offering complimentary supplement consultations with the founder of Equine Elixirs, Elizabeth Ehrlich.

Changes in your horse's routine can result in health and behavioral issues requiring management. Equine Elixirs offers all-natural, horse show safe supplements designed to improve the health, happiness, and performance of the unicorn in your life. Our innovative products include:

- **Ulceraser** – a forage-based blend designed to support gastric help and prevent the recurrence of ulcers
- **Positude** – a daily liquid that supports hormonal balance and even temperament in mares, geldings and stallions
- **TidBits** – crunchy treats designed to support digestion in ulcery horses

### McLain Ward Olympic Gold Medalist

"Our experience with Positude has been incredibly beneficial. We have a tremendous amount of mares in our stable. Positude keeps them on a very even keel, with a positive energy, and allows us to work the best with them. I think with the horse, Noche de Ronda, who's been on a great run lately winning two five-stars, the Positude has been helpful for her temperament.

We're also very happy with the condition of the horses who use Ulceraser. Using Ulceraser with our top horses, we see that they tend to be in a very good state of mind. Their condition, their coats, and their overall look are at their peak."

To schedule your phone consultation, email us at [info@equineelixirs.com](mailto:info@equineelixirs.com) and include your name and phone number. We'll be in touch!

*Equine Elixirs leads the field in all-natural, equine supplements designed to support equine health. Ulceraser<sup>®</sup>, a forage-based supplement for gastric health, and Positude<sup>®</sup>, an orally administered proprietary blend providing hormonal support, are all-natural, effective, and affordable solutions for improving horse health. Equine Elixirs also offers Tidbits<sup>®</sup>, a healthy treat created to help support gut health and digestion in ulcery horses.
