Emily Goldberg Calmakazi® and Positude®

"I haven't loved a lot of products in the past. What I love about the Equine Elixirs is that there is no 'sketchy stuff' inside and all the ingredients are natural."

Kristen Aggers Immunox®, Positude®, and Calmakazi®

"With all of these products, I've seen a big improvement in [Barry's] coat, overall demeanor, and his ability to focus. I swear by [these supplements]. I think it's important to say that I am not sponsored by Equine Elixirs. It's simply a line of products that I really believe in."

Josephine Cassens Calmakazi®

"By nature, Shadowfax is a very spooky horse. Since starting Calmakazi, he's been so much simpler and doesn't need as much prep. It's more than just making him calm; it makes him happier and that makes me happier."

Karoline Sauls Ulceraser®

"I have all of my competing horses on Ulceraser and it helps keep them happy and healthy. I recommend it to people all the time because they are natural and affordable. I also love the customer service and how I can even put the supplements on autopship."

Natasha Freeman Ulceraser® and Calmakazi®

"I think that these are supplements everybody should be using because they are all-natural and whole-food based. They are also at a price point where 'run-of-the-mill' people can use them; they are not just something that people at the top of the sport can afford."

About Equine Elixirs

Equine Elixirs leads the field in all-natural, equine supplements designed to support equine health. The brand offers six innovative supplements: Ulceraser®, a whole food-based supplement for gastric health; Positude®, an orally administered proprietary blend providing hormonal support; Immunox®, a forage-based blend offering immunity and antioxidant support; Calmakazi®, a forage-based supplement for nervous system support; Electrofresh®, a mineral-rich electrolyte that helps maintain osmotic balance and encourage hydration; and Sudden Comfort®, a fast-acting calming paste. Equine Elixirs also offers Tidbits®, a healthy treat created to support gut health and digestion in ulcery horses.
