CAIO4* Driving at Pau

The marathon is the flagship event in the carriage-driving triathlon. The course is over seven kilometers long, and the teams will have to negotiate “obstacles” or a sequence of difficulties over different types of terrain. There will be no shortage of speed or suspense in this test, comparable to the cross-country course in the CCI 5*L, which is designed and created by course designer Jacques Tamalet.

The driving horse inspection, followed by the dressage phase, is on Wednesday, October 27, with additional dressage on Thursday, cones phase on Saturday, and marathon on Sunday.
