## Five Questions With the Ilán Ferder Stables Team

### Meet Cameron Fraatz

*Photo by Boss Mare Media*

#### How did you get involved with horses, and how long have you been working in the equestrian industry?

My aunt had horses growing up, and I used to spend a lot of time with them. I also did summer camp and lessons as a kid. After that, I moved on to being a working student. I've been working with horses since I was eight, so going on 20 years. I've been with Ilán for seven and a half years.

#### What is your favorite part about managing at IFS?

We are a busy and fast-paced barn and I do well with that because I'm not one who likes to sit still. We have a really great team that works well together. I also have all the resources I need to take the best care of the horses.

#### What is one of your favorite memories from working at IFS?

Right after I started, we did a tour in Europe. I really enjoyed that experience, and I hope we get to do that again. Also being a part of the team when Erynn went to the World Equestrian Games in Tryon was amazing because it was her first championship. She's such an amazing role model so it was fun to be part of the process.

#### What is your favorite horse show?

I really like Spruce Meadows. Everything is set up so correctly and the fields are beautiful. I also like Calgary as a place to be.

#### Who is your favorite horse?

I love Nanini Van d'Abelendreef. We've had her for a while now so it's been fun to watch her develop. She has quite an opinion about most things but it makes her better in the ring because she wants to win, too. I'm also a bit partial to my new horse Latina 262, known as "Lala" in the barn, as it's been amazing to get back in the ring showing again after many years.
